SUPER KITE DAY

theoffer

Come and ride the Red Sea with us this October...

Enjoy kiting, relaxation and plenty of sun in the stunning setting of one of Egypt's finest kite surfing locations, El Gouna, a spot known for its consistent conditions ideal for beginners and experienced riders alike allowing them to progress their kite skills and also to relax.

the **location**

the location

Situated just a 5 hour flight from the UK, Egypt has long been a kite surfing hotspot with almost guaranteed wind 75% of the year and water warm enough to enjoy, without the need of a wetsuit.

Our trip takes you to El Gouna, a self-contained private town on the beautiful Red Sea coast. Created some 25 years ago by an Egyptian entrepreneur as a retreat for him and his friends, El Gouna is a gated town with 10 km of beaches and now boasts 17 stunning hotels spread across spectacular islands and lagoons.

An attractive marina, luxury 4 and 5 star hotels, stylish beach bars, fantastic nightlife, exquisite restaurants and great beaches and conditions for kiting and scuba or snorkelling.

the**location**

theresort

Built along the banks of a lagoon, the four star Three Corners Rihana Resort is a beautiful resort, featuring clusters of buildings with domes and arches in warm sunset colours, complimented by lush, landscaped gardens.

Your stay will be hosted by the team from ATBShop, both on land and on the water. The 4 star all inclusive package at the Three Corners Rihana Resort leaves you free to enjoy the very best of everything.

Great reviews on the food and resort have made it one of our favourite hotels for value for money and luxury.

the **experience**

theexperience

Your kite surfing will be hosted by ATBShop and Red Sea Zone which, in our experience, are one of the friendliest and most welcoming kite zones in El Gouna. A super shallow lagoon out to a reef with deep water beyond, is great for beginners and any level of rider that wants to progress their level of kiting. Warm water means no wetsuit is needed, just plenty of sun protection!

We'll be taking with us a good amount of demo kit for you to test but still bring your own gear, as we can't guarantee enough demo kites for everyone in all conditions. There is also equipment for hire at the kite station if you don't want to transport your own. At the beach club there is a bar with snacks available along with wifi and chill out area. If you're waiting for wind then you can SUP or snorkel out by the reef plus there is the local wake park just two minutes round the corner so plenty to entertain you on the beach and in town.

Kite coaching is available from our experienced instructors and also 1 on 1 lessons if you are starting out. Please be aware that you will need to take a lesson if you are not competent at riding and staying upwind yet. This can be with ourselves or Red Sea Zone instructors. Please contact us in advance to discuss and book in any specific teaching requirements.
