INTRO

Join ATBShop and SKD on an action packed kiting adventure filled with plenty of sun in one of Egypt's finest kite surfing locations. El-Gouna, is well known for its consistent wind conditions making it ideal for beginners and veteran riders alike.

It was my first time swimming in the Red sea and it was an incredible experience, I loved swimming and seeing all the different colour fish and coral reef. Tandem kitesurfing was my favourite part. I can't wait to go back again to El Gouna

THE LOCATION

Just a five hour flight from the UK, Egypt has long been a kite surfing hotspot with almost guaranteed wind 75% of the year and water warm enough to enjoy without the need of a wetsuit.

Our trip takes you to El Gouna, a self contained private exclusive resorts on the beautiful Red Sea Coast. Created twenty five years ago by an Egyptian Entrepreneur, El Gouna is a gated resort with 10km of beaches and now boasts seventeen stunning hotels spread across spectacular islands and lagoons.

"We have been coming here for years because it is so good"

An attractive marina, boasting luxury four and five star hotels, stylish beach bars, fantastic nightlife, exquisite restaurants and great beaches.

Egypt is such a awesome place to kitesurf, we had wind every day but I tried the cable park to and it was great, The Rihana inn resort was just the best, I can't see myself going to any other spot

OTHER ACTIVITIES

During this trip you can also take advantage of what this amazing island has to offer.

When you are not Kitesurfing you can spend your time trying other types of sports such as quad biking, scuba diving, wakeboarding, or snorkelling while taking in some amazing views of the coral reefs.

You can enjoy your down time relaxing by dining in different settings and enjoying a wide variety of different cuisines.

Lets also not forget the amazing nightlife this island has to offer.

*Extra Fees may be required on some activities

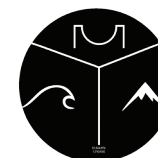

THE EXPERIENCE

Your kite surfing will be hosted by ATBShop, SKD and Element Watersports which in our experience, are one of the friendliest and most welcoming kite zones in El Gouna. A super shallow 1km lagoon out to a reef with deep water beyond, is great for any level of rider that wants to progress their kiting.

We will be taking with us a good amount of demo kit for you to test but we still recommend that you bring your own gear, as we can't guarantee enough demo kites for everyone in all conditions. There will also be equipment for hire at the kite station if you do not want to bring your own kit. There is a bar situated right at the beach club where drinks, snacks, and wi-fi are available.

If you are waiting for the wind you can do Stand Up Paddleboarding or do some snorkeling. There is also a local wake park situated just two minutes walk from our location. Kite coaching is available from our experienced instructors and also one on one lessons if you are starting out.

Please be aware that you will need to take a lesson if you are not competent at riding and staying upwind. This be with ourselves or Element Watersports instructors. Please Contact us in advance to discuss and book any specific teaching requirements as space is limited.
